**EC Delegation Belgrade**  
**Local Agent**

In the Delegation Belgrade where I have been working for the last 27 years as an Economic Officer my staff representation engagement started already in the 90s. In 1999, I was elected for the first time in the „Outside the EU“ Section. My second term in the Section started in 2002, and the third in 2005 when I was privileged to hold the post of the President of the Section for four years. I was then re-elected in 2009, 2012 and 2015.

In my almost twenty years in the Section I have been an active player in all its achievements. My long experience in the staff representation has taught me that this kind of work requires a lot of qualities, including strong personal commitment, ability to listen and understand problems of the others, willingness to help, and many, many others. A good and coherent team that USHU has put together is the best guarantee that these qualities will remain Section's fundamental value and its strongest feature.

There are still many work-related issues waiting to be improved for all categories of staff, and notably local agents, such as adoption of the new Conditions of Employment, review of the Method on salaries of local agents... to mention just the most important.

We – and I - need your support to be able to continue working on these important issues.
